Prayer Guide

Why should I pray for Iran?

There has never been a more critical time to be praying for Iran.

Iran is considered one of the leading geopolitical powers of Western Asia and continues to play a significant role on a global scale. The church is growing at a rapid rate. Persecution is amongst the worst in the world. Iranians are hungry and open to the gospel yet more than 80 million have not even heard it yet.

OUR VISION

We dream of the day when every Iranian man, woman and child will know the love of Christ and the transformative power of the gospel will penetrate, redeem and renew all aspects of society across the nation of Iran.

There is much to do and much to partner with in prayer!
